

Langston University's Dining service is committed to bringing nutritious food to the table and making the healthy choice an easy choice for all our dining guests. We created BeWell to make it easier for you to choose well. First, our BeWell eating approach combines the latest in nutrition science and culinary trends to create a crave-worthy, nutritious menu choice. Second, our BeWell wellness approach encourages positive behavior change through our promotions, wellness education programs, and partnerships. Incorporating End 2 End; our interactive menu program which highlights healthier options and provides the most current nutritional information for daily menus will complement BeWell.
